

CAMP AUGUSTA TRAIL MAP STAY ON THE BEATEN TRAIL

NEVADA CITY, CA

Please note that trail conditions, gradients and possibly even locations are subject to change. This map was diligently made by our own staff armed with a clipboard and very little else. So we feel it represents the trails pretty well but it's more a guideline than geodetic survey. As a rough guide: It takes ~15 minutes to stroll from the LODGE to GYPSY FALLS. Camp is a big place, let a friend know when you're heading off into the wilderness. Wiseman once said, 'Walk softly and carry a big stick.'
