

Camp Augusta: Puppet Master

Every day is different and presents a new puzzle. Finding joy in being at the center of a logistical whirlwind, the Puppet Master is the organizational epicenter of camp operations. They will organize the schedules of staff and campers alike while keeping track of many different logistical factors and are always seeking to extend the range of possibility. Must possess sharp logistical skills, comfort in navigating information on a computer (especially Excel), and will be willing to learn and add to a wealth of resources.
