**Camper Letter to Counselor and Behavior Agreement**

*Each camper is asked to write a note to their counselor and read the Behavior Contract before camp begins. This way, the campers are prepared for the expectations of camp and counselors can help the campers feel welcome and know more about each child in their cabin group. Parents: please send this in with any store money to:*

**Behavior Agreement Questions:**

**What unusual words did you find when you read the Camper Behavior Contract?**

\_\_\_\_\_

*(Hint: it's a favorite camping treat)*

If you had 1 million dollars to spend on experiences and only 1 week to do so what would you choose to do?

What occupations/jobs are fascinating to you? AND, if you could combine different jobs and were capable of anything, what would you love doing?

Check out this SECRET web page for YOU: <http://campaugusta.org/cabin-activities/> What inspires you? What concerns or scares you? What NEW magic dwells in your heart?

If you had a virtual reality/magical bedroom, what are some of the ways you'd LOVE to be awakened, AND, NOT be awakened?

**Anything else you would like your counselor to know:**

**Campers, please complete this letter with some specific things you would like to do at camp this year, and include any special interests and/or camping experiences you hope to gain this summer. Other points to consider writing about are: nicknames, favorites, un-favorites, worries, joys, pets and jokes. If you have ever been to Augusta before, what cabin activities, wakeups, auction prizes and playstations have you loved or not loved? Closer to the summer, you can read these things and many more about your counselor in their Camp Augusta bio on our website. We look forward to reading a bit about you as well!**
