

CAMP NURSE

The Camp Nurse lives and works in our small, playful community for one to two weeks at a time. Their main task is taking care of the daily needs of campers and staff: distributing medications, tending to small injuries and easing illness with wisdom and patience. The nurse also knows when a case is beyond the scope of their practice at camp and makes physician referrals accordingly. Nurses operate under their own license and must have one of the following credentials: RN, LVN, NP, PA or MD.

TASKS

- Ensuring that the Nurse's Cabin is kept clean and stocked with appropriate supplies and over the counter medications.
- Ensuring familiarity with camper documents and physical forms. Any questions or concerns should be discussed with the Master of Operations, and other leadership staff as needed.
- Overseeing the medical check-in and check-out process of campers on their arrival and departure in camp.
- Observing the health and well-being of campers and staff throughout their stay at camp.
- Providing medical treatment, as needed, for campers and staff in accordance with Camp Augusta's Treatment Protocols. Keeping adequate records of all such treatments in our online database
- Packaging and dispensing daily medications. Assuring medications in the Nurse's Cabin are always kept secure.
- Preparing first-aid kits for emergency use
- Providing supervision and care, if needed, for any campers who may need to stay in the Nurse's Cabin due to illness
- Communicating with parents/guardians regarding any health concerns or emergencies involving their children. Providing regular updates on their child's well-being
- Testing every camper and staff for COVID-19 who are showing symptoms of a potential infection

REQUIREMENTS

- One of the following credentials: RN, LVN, NP, PA or MD.
- Current CPR and First Aid qualifications
- Availability for at least one or two weeks during our main season (June-August)

PAY & BENEFITS

- WEEKLY SALARY HERE
- Tuition credit option for camp aged children
- Private housing
- Prepared, organic meals every day

Camp Augusta is a nonprofit residential summer camp in northern California. We are focused on counseling skills, creativity, excellent programming, and camper choice, and seeking experienced, hardworking, enthusiastic, and passionate people for our small summer community to create an epic and life-changing experiences for campers.
