CAMP AUGUSTA

TRIP INSURANCE... WHAT DO I NEED TO KNOW?

UNDERSTANDING YOUR COVERAGE OPTIONS

BASIC TRIP INSURANCE

If you need to cancel prior to arrival at camp due to a covered illness, injury, or family emergency.

TRIP INTERRUPTION INSURANCE

If your camper must leave camp early due to a covered illness or injury.

WE RECOMMEND A PLAN THAT INCLUDES - CANCEL FOR ANY REASON (CFAR)

Provides additional flexibility for situations that may not qualify under standard cancellation coverage, such as:

- Extreme heat or uncomfortable weather
- Poor air quality
- A family emergency or change of plans

CFAR generally requires purchasing coverage within a specific timeframe and canceling at least two days before the program begins. Check your policy for exact requirements.

TRY:

Program Protector Safe Travels Voyager

Or research other plans using:

Trawick International*, *TavMark*, *Square Mouth

This is a resource and does not cover every plan. Research options and read the fine print before purchacing!

COST AND DEADLINES

ESTIMATED COST: $100 - $300

Depending on the provider and coverage

IMPORTANT: Many plans require you to purchace within 14 days of your initial camp deposit or payment!

WHAT IS NOT COVERED?

If Camp Augusta cancels a session or family camp, most trip insurance policies will not reimburse you.

This may include:

- Mandatory evacuations due to poor air quality or other conditions
- Significant disease outbreaks
- Other non-natural disasters that result in camp cancellation

Augusta updates families with weather and AQI predictions. If you have CFAR coverage, you may be eligible to submit a claim if you cancel at least two days before the program begins AND before Camp Augusta announces a cancellation.
